NWT LAUNCHES SHARE TRADING PROGRAM ON WEB-SITE

The Board of Directors of North West Terminal Ltd. (NWT) is pleased to announce the launch of a Share Trading Program (Program) on the Company's web-site. The Program allows Class A and B shareholders of NWT who are residents of Saskatchewan to view recent NWT share trades made through the Program, post bids to buy NWT shares and post offers to sell NWT shares. Instructions for posting bids and offers and trading rules for the Program are available on NWT's web-site at www.northwestterminal.com.

"The Board of Directors is pleased to offer this new Share Trading Program to shareholders," says NWT's President Brad Sperle. "We are hopeful it will improve share price transparency and provide additional information to shareholders regarding the price of bids, offers and trades of Class A and B shares of NWT," Sperle farms near Unity, Saskatchewan.

NWT is an independent farmer-shareholder owned company headquartered near Unity, Saskatchewan in the North West region of the province. NWT owns and operates an inland-grain terminal and a bio-products manufacturing facility at its Unity location. NWT is also a minority owner of Alliance Seed Corp. (ASC) in Saskatoon, Saskatchewan and Alliance Grain Terminal Ltd. (AGT) in Vancouver, British Columbia.
